

NEW MEXICO INTERNATIONAL **AUTO SHOW**

This Service & Information Manual contains material which is vital to the successful planning, marketing and management of your display in the 2018 New Mexico International Auto Show. Failure to read this manual and respond promptly in ordering services could result in higher rates.

The services and contractors listed in this manual are for your convenience. Show management requests that you employ the services of National Convention Services, this year's official show contractor, for your greatest efficiency and ease, since they are familiar with the show and work schedule.

Please note that insurance policies must provide coverage for all dates from move in through move out. All policies must include all of the required additional insured information as listed in the Important Rules and Requirements section of this manual. Please refer to the sample insurance form enclosed, as all insurance policies must be completed correctly. Policies that are not completed correctly will be returned. All exhibit set up contractors/supervisors must submit a correct and complete policy at least thirty (30) days prior to the first move-in day of the show or they will not be permitted to work in the Albuquerque Convention Center.

The most up-to-date exhibitor information, including CAD floor plans (DWG Format), can be downloaded from the Internet at www.NewMexicoAutoShow.com. The information is located in the "exhibitors" section of the web site.

It is important that you review this manual with those persons or agents having responsibility for your participation in the show. Motor Trend Auto Shows, LLC thanks you for your cooperation and we wish you a most successful 2018 New Mexico International Auto Show!

Important Rules & Requirements

Aisles for Emergency Purposes

The Fire Department requires that all exhibitors leave two feet (2') of space on any border of their exhibit that adjoins another display area. This will maintain a four-foot (4') emergency aisle running between each space. In addition, exhibitors must set back one foot (1') off of any public aisle.

Alcoholic Beverages & Food Items

Alcoholic beverages and/or food may not be brought into the Albuquerque Convention Center.

Fire Regulations

Exhibitors must comply with all federal, state, and local fire codes which apply to places of public assembly, in particular, Chapters 5, 8, and 31 of the Life Safety Code. All curtains, buntings, draping, etc., of any kind must be flameproof. Special care should be taken not to block or obstruct any fire hose or fire extinguisher cabinets, fire pull boxes, or entrances and exits within the Albuquerque Convention Center.

All interior and exterior exits and exit ways must remain clear at all times. Fire lanes shall be kept clear at all times.

Vehicle Requirements

Under no circumstances may display vehicles be placed in front of any fire or public entrance and exit doors. Special attention should be given to keeping these public doors free of blockage by any show vehicles. The same holds true for the construction of displays, staging, walls, turntables, signs, etc.

Battery Cable - All show vehicles must have the positive battery cable disconnected and taped using UL approved plastic electrical tape.

Gas Tank Level - The vehicle gas level must be 1/4 tank or less than 5 gallons, whichever is less. All vehicles will be checked as they enter the convention center to make sure that the gas level requirement is correct. If the gas level exceeds the requirement, the vehicle will not be permitted to enter the building.

Gas Cap Requirements – All fuel tank openings shall be locked and sealed in an approved manner to prevent the escape of fuel vapors.

AC/DC Converters - Cars using AC/DC converters must have the security system fuse disconnected to prevent the public from setting off vehicle alarms.

NOTE: *A Fire Marshal will be on duty throughout all public hours of the auto show.*

Important Rules & Requirements

Fueling and de-fueling of vehicles within the facility is strictly prohibited.

Vehicles shall not be moved at any time during exhibit hours.

Exhibit Blueprints

All vehicle exhibitors participating in the 2018 New Mexico International Auto Show must provide a scale electrical blueprint of their display to Motor Trend Auto Shows and the Albuquerque Convention by March 22. Contact information is available on page 1. These blueprints will be used by the center to install electric lines prior to carpet installation. **Please be sure to include telephone placement, electrical needs and the height of your display properties on your blueprints.** MTAS blueprints can be e-mailed in PDF or DWG format to Trevor Trumbo at: ttrumbo@enthusiastnetwork.com.

Signs & Banners

All exhibit signs must be free standing or floor-type signs. No signs, banners, plaques or pennants can be hung from the ceiling, walls or perimeter drapes. All signs must be professionally manufactured and have a finished surface on all edges and sides.

Plastic letters, shoe polish, and homemade signs may not be used on any vehicles or in any area of your display or booth. Decorations, signs, banners, etc., may not be taped, tacked, stapled, or otherwise fastened to ceilings, walls, doors, painted surfaces or columns.

Signs cannot block the view of other exhibitors. In the case of a complaint, the decision on whether a sign remains or must be relocated is up to show management.

Display Placement

The maximum permissible height for displays is twenty-four feet (24') in "M" spaces and fourteen feet (14') in "S" spaces. Exhibitors should contact Show Management if they have any questions regarding ceiling height.

Placement of exhibits cannot interfere, block, or extend into other exhibits or block emergency exits. An exhibitor could be required to change the location or configuration of their exhibit or vehicle placement should they interfere with the rights of other exhibitors.

All exhibits must be capable of standing by themselves and no supporting wires from the ceiling or draped walls will be permitted.

Important Rules & Requirements

Exhibitor Presentation Restrictions

An exhibitor may not work, sell or distribute literature from any area other than the space rented by the exhibitor. Sales presentations, distribution of literature, and public surveys are strictly forbidden from being conducted in public aisles, other exhibit spaces, or any other public areas of the Albuquerque Convention Center.

All public address systems must be kept to a volume so as not to disturb your neighboring exhibitors.

Under no circumstances are helium balloons or adhesive-back decals to be given away or permitted to be used in the convention center. Any cost incurred by the Albuquerque Convention Center from the use or removal of these items will be charged to the exhibitor. The Albuquerque Convention Center, New Mexico Automotive Dealers Association, National and Motor Trend Auto Shows assume no liability or responsibility for any loss or theft.

Music at the Show

Due to ASCAP and BMI licensing restrictions, there cannot be any music played in any display at the 2018 New Mexico International Auto Show.

Jingles and commercials produced by a manufacturer that are the property of the manufacturer can be used throughout the show.

Background music through the use of a television, radio, stereo, cassette tape or laser disc cannot be used, as this is an infringement on the original copyright.

If you have any questions or wish to obtain a license from ASCAP or BMI, please contact the auto show office.

Licensing

All booth exhibitors must be licensed to do business in the State of New Mexico and have a current sales tax number for any direct retail selling from the show floor.

Liability

Each exhibitor is entirely responsible for the space allotted him through his contract. Each exhibitor agrees to reimburse the Albuquerque Convention Center for any damage to the floor, ceilings or walls within his contracted area.

Therefore, it is the exhibitor's responsibility to provide their own insurance coverage for vehicles, exhibits and materials.
